

## **Small Arms Disposal Process**

Generator updates
their component
registry and
electronically
transmits the
shipment to DLA Small
Arms Serialization
Program (SASP)
Component Registry

Generator will contact DLA
Disposition Services Central
Demil Division (CDD)
Anniston, AL (DODAAC
SYD184)

Generator ships the small arm with IRRD, LOA, Inert Cert, and List of Serial Numbers (if Multiple weapons) to the CDD

REUT/FMS/DESTROY

The small arm weapon(s) is accepted at the CDD and the Turn-in process is complete

CDD inputs the weapon serial number(s) into the DLA SASP registry. SASP updates the inventory and DOD Registry

**RECEIPT TRANS** 

4

CDD physically inspects weapon to sight verify serial number matches IRRD.

Informatio n matches YES NO
